- 5. Detention Variance at Primrose School on Falcon Pass Dr. near Space Center Blvd.
Approved

The Primrose School requested review for a detention variance. The tract of land was originally approved for service with detention before the new detention policy was in effect. Half the tract was built with a retail strip center, with detention for the entire tract, and the other half had some improvements. Primrose wants to build out on the other half of the land. Mr. Larry Dunbar has reviewed the plans and recommended allowing 1 acre-foot/acre of detention for the increased impervious area only to be added by Primrose. Recently revised plans were given to Mr. Dunbar at the meeting so he can review the plans for restrictor pipe functionality and detention capacity. Engineering consultant Mr. Bill Rosenbaum and Legal consultant Mr. Bill Schweinle both agree with the proposed solution. (Copy attached hereto as part of these minutes and identified as Exhibit B.)

By motion duly made by Director Branch and seconded by Director Savely, the Board voted unanimously to approve the proposed detention variance for the Primrose School subject to Mr. Larry Dunbar's final approval.

22. General Manager's Report

Mr. Curtis Rodgers is reporting for Mr. James Byrd. Mr. Pennington contacted Mr. James Byrd and is interested in acquiring all of the dirt from the golf course. He is asking how much CLCWA is willing to help pay for moving it to Pasadena. Director Savely stated we are in discussions with the U.S. Government about the dirt and that the Board is not interested in extra expenses. Mr. Bill Rosenbaum said he is getting details on how Harris County Flood Control District bids out excavation contracts for contractors to pay a small amount to remove the dirt.

Mr. Rodgers informed the Board we received the City of Houston's estimated detention fee cost and it is closer to \$2.17 million, not the expected \$1.5 million Houston originally estimated. It was noted the report has mistakes in it, including the full impervious coverage amount for the burned down clubhouse at the former golf course.

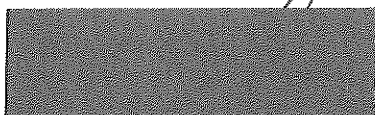

Mr. Rodgers reported that Brent Morton with the Clear Point Crossing development group was sent the Detention Pond Enforcement requirements. Mr. Morton replied: a notice was sent from Harris County requesting them to not cut down the weeds because there are bird watchers who do not want the natural bird habitat destroyed.
