

EXPLORATION GREEN PHASE 4  
ROUTE CHANGE ANNOUNCEMENT

8/21/2020

Dear Residents:

We would like to inform you of a change to the current haul route for Exploration Green Detention Facility Phase 4. The existing route will remain for construction traffic leaving the project site (Neptune to Seakale to Bay Area). However, to improve traffic flow, the construction traffic returning to the project site has been diverted to a new route. The route for returning construction traffic will now be from Space Center Boulevard to Gunwale Road to Neptune Lane for the remainder of the project. As a reminder, working hours for the project are Monday through Friday between the hours of 8:00 a.m. and 5:30 p.m. and Saturday between the hours of 9:00 a.m. and 5:30 p.m. while school is in session. During the summer while school is not in session, approved working hours will be Monday through Friday between the hours of 8:00 a.m. and 6:30 p.m. and Saturday between the hours of 9:00 a.m. and 5:30 p.m.

Haul route maps are located on the back of this page.

Sincerely,

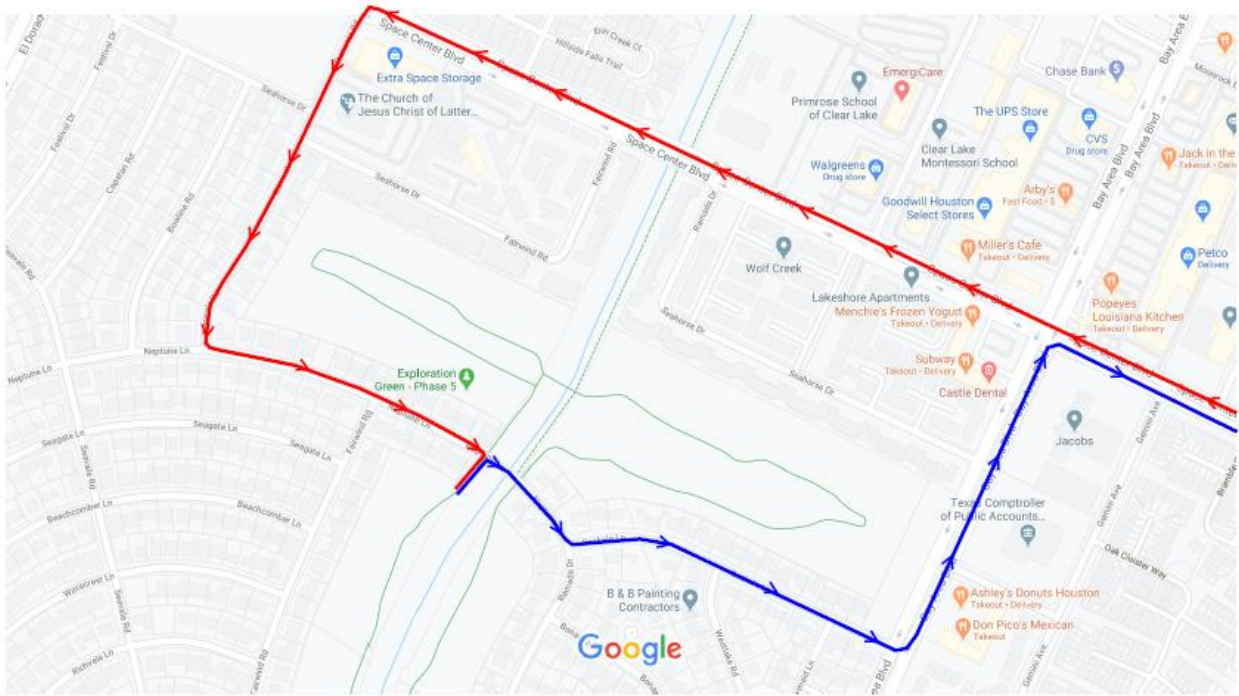

Clear Lake City Water Authority
